The WICHE Website (www.wiche.edu) above contains a wealth of data that is made available to the public.

About these Dashboards

These dashboards of WICHE data are created by Jon Boeckenstedt at DePaul University in Chicago; jboecken@depaul.edu . Any user of Tableau Software may download and edit provided you include the disclaimer above from WICHE, which graciously makes this data available to the public.

For this set of visualizations, I've used only public school enrollments, high school graduates.

To begin, click on the gray boxes above to follow the story.
